Boarding fees	Yes – £12,960 pa (£4,320 per term) for 2023/24	Yes – £6,480 pa (£2,160 per term) for 2023/24	None
Breakfast/come in early	Yes		No
Lunch	Yes		Yes, if purchased for that term
Lunchtime clubs and activities	Yes		
Tea & cake after school	Yes		No
After school clubs	Yes		Can take part in school representative activities as part of competitive sports team or orchestra/choir
Prep (Homework)	Supervised prep after school		Prep at home
Supper	Yes		No
Evening and weekend activities	Yes		No

For more detail and further FAQ's please see overleaf

Are you an independent school?

OSH is a state school and we are very proud of this fact. It is one of 38 schools in the country that offer a boarding education within the state system. We share, with all good schools in the state and independent sectors, a belief in high standards of achievement and discipline and a commitment to providing an excellent education in the broadest sense.

Why does the School have 'hospital' in its name?

The School was founded in the seventeenth century, when the term 'hospital' indicated a charitable institution rather than a medical one. Hospital meant 'hospitality', or board and lodging. We retain the traditional name as part of our unique heritage and because we are a boarding school.

Where is OSH located?

The School is based in the West Midlands, in the town of Stourbridge. We are about 15 miles from Birmingham City Centre and there are excellent rail connections from the local station which is only few minutes' walk away from the School. We are also very close to the motorway network and just a 30-minute drive from Birmingham International Airport, or two hours from London Heathrow.

Is OSH open to both boys and girls?

Yes, both boys and girls can join OSH in Years 7 and 12 as either Tailored Boarders, Flexi-Boarders or Day Students. However, 2021 was the first year girls joined in Year 7 and we are phasing entry. This means that until the girls' entry has worked its way through Years 8–11 we will not be accepting girls in non-admission years or as in-year transfers to non-admission years who do not currently have girls in.

Boys and girls have separate boarding houses and neither can go in the others' boarding houses. They share outdoor recreational facilities and the two main dining halls. Lessons are in the same buildings and they are taught together excepting in PE/Sport, where they are in single sex classes.

Do you have a catchment area?

No, we welcome children from all over the world as long as they have UK nationality or have other approved residential status within the UK.

Is OSH a selective school?

We are a partially selective school.

- Tailored boarders and day students are not assessed academically or on aptitude.
- Flexi-Boarders may come to us via three routes:
- An academic test
- An assessment for aptitude in music
- An assessment for aptitude in sport
- All boarders, both tailored and Flexi-Boarders must be assessed as suitable to board and we make this assessment based on a short interview, taking up a reference from their school and considering any other information provided by parents or the Local Authority or that comes to our attention.

How many school places are there for Year 7 students?

There are 180 places in Year 7 split between boarding and day categories as follows:

Tailored Boarders		35 places for boys and 35 places for girls
Flexi-Boarders	Academically selected	24 boys and 24 girls
	Aptitude in music	4 boys and 4 girls
	Aptitude in sport	4 boys and 4 girls
Day Students		23 boys and 23 girls

What is the difference between Tailored Boarding and Flexi-Boarding?

A Tailored Boarder can stay at School for all or some nights in each week of term including weekends. How many nights they stay, and which nights they stay, is agreed by parents with the Housemaster. It doesn't have to be the same nights each week, we know that there will be occasions and reason for boarders to go home from time to time, for example to attend specific sports training or attend clubs outside of school. Our approach to boarding is tailored to meet the needs of busy families, it can be adapted to fit around their working lives, allowing an integrated family life alongside and offering all of the benefits of boarding life. It gives the freedom to decide whether to stay over or to come and go, before and after the school day, to fit in with home life.

A Flexi-Boarder does everything that a Tailored Boarder would do, with the exception of staying regularly at the School. Flexi-Boarders are required to stay at the School 3 to 4 nights per term. They can arrive for breakfast, take all of their meals at school, have access to the boarding house before school, break times, lunch time and after school, they do their prep at school and can take part in the co-curricular life of the boarding community. Their day then sees them tend to arrive at school from 7am in time for breakfast and leave at 7pm in Year 7, but this generally gets later as the student gets older.

How much are boarding fees?

Tailored Boarding fees (as at September 2023) are £12,960 per annum which can be paid termly or monthly. Flexi-Boarding fees (as at September 2023) are £6,480 per annum which can be paid termly or monthly.

Fees are reviewed annually and published by the start of the summer term for the following September.

Do Flexi-Boarders get their own bed space and desk?

Flexi-Boarders will get their own locker but not a dedicated bed, as they do not use a bed each night. They are provided with a desk to use for prep time etc.

How often can Flexi-Boarders stay over and how can we organise this?

Flexi-Boarders can stay up to 4 nights per term and nights need to have been agreed with the Housemaster in advance.

Can Flexi-Boarders “purchase” additional nights to stay over?

If there is space in the boarding house and the Housemaster can accommodate this, then yes.

Where can I find out what the Flexi-Boarder assessment comprise?

Our web site explains how the academic assessment is made and what the aptitude assessments for music and sport are made up of.

When do the assessments take place, how do I know if my child has ‘passed’ and when do we get the results?

Flexi-Boarders tests and assessments generally take place early in October. Parents will be informed when dates are set.

There is not a pass or fail mark for any assessment. Students’ scores are ranked in order of performance and all the ranked lists are sent to the Local Authority for them to offer places in that rank order. For each type of assessment there is a list for girls and a list for boys.

If your child attends the early October session you will generally get the results about 15 days later (although this may vary slightly) but you will have your child’s rank in time for you to make your choices on the Local Authority CAF (Co-ordinated Admissions Form).

The Local Authority will work down each list until they have allocated all of the Flexi-Boarding places to the highest ranked students on the lists **AS LONG AS** parents have named OSH as their first preference school on the CAF.

What happens if we are unable to come to the Flexi-Boarder assessment session.

If you registered for a Flexi-Boarding place before the deadline (date published on our website) we will offer an alternative session but this may not be before you have to make your choices on the Local Authority CAF.

If your application to the School was made after the deadline date your application may be deemed a late application (please see our Admissions Policy on our website for details about late entries). We will still offer an alternative session but this may not be before you have to make your choices on the Local Authority CAF, and it is likely to be dealt with by the Local Authority after all on-time applications have been dealt with.

If my child did not rank in the top 24 for an academic place (or in the top 4 for music/sport), could they still get a Flexi-Boarding place?

Many parents have previously assumed that if their child was ranked below the number of places on offer then they would not be offered a place, but this is not the case. It regularly happens that offers are made to applicants further down the rankings. This is because some children take the assessments and may rank highly, but their parents do not put OSH as their first preference, or indeed any preference, on the CAF or because they come to OSH perhaps as a day student instead. Some children also take multiple assessments and usually select the place in which they rank highest.

We cannot say how far down the list we are able to go each year but, as an indication only, last year students ranking in the high 40's were offered academic Flexi places. The year before was similar.

How do I register for a school place?

It is important that **for Year 7 places** parents:

a) Firstly, register with the School using the online portal housed on the School's website

AND THEN

b) Register their preference on the Local Authority CAF. If OSH is not on your CAF you cannot be offered a place

For places in other school years parents must register with the School using the online portal housed on the school website.

Where do I get a CAF from?

Your child's primary school will provide you with a CAF. It must be completed by 31st October, any forms after this date are treated as late entries.

Please note: OSH is only one choice on this form, even if you have applied to us for more than one type of place. When you have submitted your CAF we will let the Local Authority know the order you have put on the School's registration form for Tailored Boarding/Flexi-Boarding/Day.

Waiting list

You can ask to go on our waiting list even if you did not choose OSH on your CAF.

Does the School have aims for boarding?

Old Swinford Hospital aims to maintain a boarding community that ensures the safety and welfare of all boarders in an environment where they can be both healthy and happy and which supports their learning. With an extensive and varied extra-curricular programme, peer mentoring and pastoral support structure every boarder should have the opportunity to thrive, be healthy in mind and body, and achieve. Boarders will enjoy a gradual increase in independence within a supportive and caring environment to enable them to develop as individuals whilst growing up in a well-ordered community.

How can I find out about financial support for boarding?

The web site www.educational-grants.org will take you to a list of charities that may be able to assist and our Finance Department may also be able to put you in touch with other potential sources of support and advice.

In addition, our Foundation, depending upon the circumstances, do consider applications for grants towards boarding fees for students who have a particular need to board but where the family's financial resources cannot meet the full boarding fee. Applicants for Foundation assistance must be British citizens resident in the UK. Awards from the Foundation form no part of the admission process and applications for these awards are not processed by the School.

Do you award scholarships?

No, as a state school we are not able to do this. Our Foundation has some financial support for students who have a boarding need, and parents and families may apply for bursarial support, but this would not cover the entire boarding fee.

Do you offer support to Forces families?

If you are entitled to claim the Forces' Boarding Schools Allowance (Continuity of Education Allowance (CEA)) you will be pleased to know that our school is on the approved list. Please note that Forces children could also be eligible for three free return journeys a year to visit their parents serving on accompanied tours overseas. OSH has much experience in the education of children from a Forces background. Indeed, the Headmaster went to a British Army School himself.

Are there any additional boarding costs that I should consider?

We try to keep extra costs to a minimum and in a lot of cases these are optional services such as individual music tuition, arranging for dry cleaning, certain trips and activities and transport costs at the end of term.

The items we do charge for include replacement ID cards, transport to medical and dental appointments, work experience risk assessments and a nominal contribution toward materials costs for food technology, art and design & technology.

There is a full list on our website.

What is the difference between a Day place and a Boarding place?

A day place is different to a boarding place because the school day is significantly shorter, and day students do not stay overnight. For those students who gain day places at OSH, their day will normally start at morning registration at 8:25 and finish after lessons at 3:45pm. Whereas boarding students generally have much longer days, arriving from 7am when they haven't stayed in and often leaving late into the evening.

At what times will Day Students be at school?

All students must arrive in time for registration which starts at 8:25am. Their day will normally finish after lessons at 3:45pm.

Do Day Students pay fees?

Day Students do not pay boarding fees however they may, for example, opt to take individual music lessons, rent locker space, purchase printing credits or opt-in for school lunches for a termly charge.

The items we do charge for include replacement ID cards, work experience risk assessments and a nominal contribution toward materials costs for food technology, art and design & technology.

There is a full list on our website.

How likely is my child to get a Day place?

Our Day places are usually oversubscribed and places are offered based on the oversubscription criteria in our Admissions Policy.

After looked-after and previously looked-after children the next priority in the oversubscription criteria is feeder schools. We have three feeder schools, Oldswinford C of E, Pedmore C of E, and St James C of E. In recent years we have not had capacity to take all of the Day applications from the feeder school category.

Can my child leave the school premises at lunch time?

Students must remain in the school during the day, which includes lunch time. Students who wish to have school lunches can opt-in to buy these. Payment for school lunches is via the Evolve payment system and should be done at the start of each term. Students may choose to bring a packed lunch if they wish.

Day students who pay for their school lunch will eat in the main dining room under Dudley House. Students who bring a packed lunch will eat in the day centre.

Will Day Students have somewhere to store their belongings during the day?

Day Students can rent locker space and details of how to do this will be given in your joining instructions.

Can Day Students stay after school?

Day Students may take part in trips that are organised as part of the school day, but evening and weekend trips are for boarders and they are not open to day students.

Day Students cannot attend boarding activities and clubs. They can stay after 3:45pm if they are participating in activities that require them to represent the School, e.g. representing a sports team or the school orchestra, or representing maths and science teams for the Olympiads.

CCF is available to all students, including Day Students, from Year 8 and similarly they may all start their DofE Bronze in Year 9 if they wish.

Does OSH have a house system?

There are currently three senior boarding houses (Foley, Foster and Potter Houses) and one junior boarding house (Prospect House) for boys. Girls have their own house – Dudley House. Each house has a boarding house team made up of a Housemaster, a Matron and a team of boarding tutors. Sixth Form students are encouraged to act as mentors to the younger students.

We also have houses for competitive and representative sports and events, separate from the boarding houses, so that all the School community can join in.

Do Day Students have access to boarding houses?

Day Students do not have access to boarding accommodation, but they do have use of their own common room for break and lunchtimes.

How does the School integrate Day Students?

Through shared tutor groups, our tutorial programme, lessons, curriculum trips and visits, school council and representative activities such as sport and music. Day Students will be very much part of school life at OSH.

My child has SEN, how do you support them?

We have allocated resources within our SENCo team to provide support for students but we do not have any additional staffing to help on a one to one basis unless your child has an EHCP. This means that most pupils with SEN will be supported by Quality First Teaching in the classroom and by their teachers.

My child has a dietary requirement, can this be catered for?

Yes, absolutely. Approximately 10% of our students have some kind of dietary need, please make this known on your registration form.

What is a typical OSH student like?

There is, of course, no such thing as a typical OSH student, but we are pleased that those who visit the School often comment on their genuine friendliness and the fact that they are clearly very proud of their School.

Can I visit the School and would I be able to meet staff?

You are welcome to visit the School on any of our open events or by appointment for a boarding tour. Depending on the timing of your visit you will have the opportunity to meet members of the Senior Leadership Team, teachers and boarding staff, who as a team are responsible for the education, safeguarding and welfare of OSH students.

Is there a free bus service to OSH?

OSH does not provide a bus service. The School can be accessed easily via public transport and is a short walk away from Stourbridge Junction train station. Students may be eligible to apply for a 16-18 travel pass from their Local Authority. The pass will allow students to purchase child rate tickets for travel to and from OSH.

What are the timings of the School day?

Breakfast starts at 7:15am and finishes at 8:10am. Day Students arrive between 8:10 and 8:25am

Registration and/or assemblies are 8:30–8:50am

2 lessons until 10:45am when we have break until 11:05am

2 lessons until 12:55pm when lunch starts

Lunch is from 12:55pm to 1:50pm

Afternoon registration is 1:50-1:55pm

2 more lessons from 1:55pm to 3:45pm

Day students go home at 3:45pm

4pm evening activities for Tailored and Flexi-Boarders

5:15pm prep (homework)

6.15pm supper

Can my child join in school years other than Year 7?

Our normal school entry year groups are Years 7 and 12 however you are welcome to apply for entry into other school years. Parents must register with the School using the online portal housed on the school's website.

How do you define Boarding Need for admissions?

Boarding need is one of our priority oversubscription criteria for boarding places. If we have to use oversubscription criteria, and you feel your child has a boarding need, you should provide evidence of that need. In determining whether or not they consider that a particular candidate has boarding need, the Governors will review each application on its own merit. In each case, it is the responsibility of parents/carers to provide the information required to enable the Governing Body to decide. In particular, the names and contact details of a person from whom the School may seek corroborating evidence must be given.

Please note, the boarding need criteria we set out is for admissions purposes. It is not necessarily the criteria used by other charities or the Foundation in determining boarding need for the purposes of making any grant towards boarding fees and each source of support will apply their own criteria in assessing grants.

Examples of boarding need for admissions purposes may be:

- a) The main parent/carer is a member HM Armed Forces, is serving with a UK Government Department or international government body of which the UK is a member on terms which may include deployment overseas or frequent changes of posting within the UK, or is employed by a UK based company where they are required to frequently travel overseas or be resident overseas.
- b) The candidate is the subject of a voluntary agreement between the Governing Body and a Local Authority or Charitable Trust to provide a boarding place for reasons of boarding need.
- c) The candidate is in the care of a grandparent or other person, whether or not a relative, other than their natural parent, step-parent or adoptive parent.
- d) The primary home is in a remote rural location where appropriate education is not available within a reasonable daily travelling distance and therefore lack social interaction with children of a similar age.
- e) The main parent/career has been diagnosed with a medical or psychological condition which seriously impairs their ability to care for the candidate.
- f) The candidate or their main parent/carer has been the victim of a serious crime or family circumstances, or reasonably fears that they may become the victim such an act.

Please note this is not an exhaustive list and is in no particular order of priority.
